Ref.: the procedure for the „Delivery of products for testing” as part of a commercial clinical trial project - development of innovative therapeutic solutions using RNA technology. Research financed by the state budget from the Medical Research Agency, Project number 2021/ABM/05/00002 (14/Z/22)

Silesian Park of Medical Technologies Kardio-Med Silesia Sp. Z o. o. informs that the offers which are not subject to rejection and the most advantageous from the point of view of the offer evaluation criteria have been selected:

Task no. 1

In accordance with the content of Chapter XII point 10 of the TERMS AND CONDITION OF THE CONTRACT, the Ordering Party shall cancel the procedure because no offer has been submitted in the procedure.

Zadanie nr 2

In accordance with the content of Chapter XII point 10 of the TERMS AND CONDITION OF THE CONTRACT, the Ordering Party shall cancel the procedure because no offer has been submitted in the procedure.

Zadanie nr 3

In accordance with the content of Chapter XII point 10 of the TERMS AND CONDITION OF THE CONTRACT, the Ordering Party shall cancel the procedure because no offer has been submitted in the procedure, which is not subject to rejection.

At the same time, we would like to inform you that the following offers have been rejected:

1) VWR International Sp. z o. o.; ul. Limbowa 5; 80-175 Gdańsk on the basis of Chapter III point 15.1) TERMS OF CONDITIONS OF THE CONTRACT - the form of submitting the offer does not correspond to the content of the specification of essential terms of the contract. In accordance with the content of Appendix 4.3, point II.11 required:

Handwritten signature
Handwritten initials

11	System for connection and discharge of gases to connect a pump with a desiccator for safe operation with vapors of organic chemical solvents	Yes, with the option of retrofitting the pump with a condenser and separator
----	--	--

Meanwhile, the Contractor offered: "yes, the set is equipped with a separator and condenser". The Ordering Party, according to his needs, only required the possibility of retrofitting the pump with a condenser and separator. Currently, the Ordering Party does not need and does not require a separator and a condenser. Moreover, the Ordering Party does not have the means to purchase a pump equipped with a separator and a condenser. Therefore, the offer is rejected.

Best regards

Adam Konka
Chairman of the Board
